To find a provider, go to the Table of Contents. The providers are listed by their specialty. (Specialty is the area of medicine in which this doctor is highly trained. The doctor trains in this area of medicine after medical school.) When you find the specialty you want, go to the page listed. Then you can pick the provider who meets your needs. Members may get care from a resident doctor or a nurse practitioner if supervised by a PCP. **Remember to take your member ID card with you.**

If there is no chapter in the Table of Contents for the type of provider you want, look in the chapter for Ancillary Providers. Providers that do not have specific chapters are listed there.

These listings are based on the provider's application. We verify certification and hospital affiliations when a provider joins our network. We check every three years (or sooner). We verify names, phone numbers, addresses, languages, limits and gender when a provider joins our network or gives us new information.
